Proceedings:

(In Chambers) Order Denying Defendant Elysium Health Inc's Ex Parte Application to Compel ChromaDex Inc. to Comply with the Court's Stipulation and Order Regarding Discovery of ESI [185]

Elysium's ex parte application is DENIED. But this ruling is not the end of the matter. The parties are ordered to participate in a discovery conference on Monday, February 25, 2019, at 10:00 am, to discuss the issues raised by Elysium's application. The Court will be prepared to order the immediate return of the three Excel files. Said return shall be followed in nearly immediate succession by the production of replacement files with the communications over which Elysium claims privilege redacted. Such production shall be accompanied by a privilege log. The parties are in fact encouraged to take these steps before next Monday's hearing. Should they do so, the Court will discuss with the parties how to address any disputed claims of privilege.
